DEDICATION

GORDON S. MAYES

We, the class of 1989, dedicate our yearbook to Gordon S. Mayes, our former principal.

Mr. Mayes we truly do appreciate all that you have done for us by trying to help us to understand that we were being cheated by the system. At times, some of us were disagreeable or even ungrateful, but you just slapped us on the back of the head and gave us the, "Gordy Rule" - "Do it yourself fool!" Thanks we needed that! Whoever said that Joe Clark was an original must not have seen him taking notes from you.

Some of us can't help but to believe that maybe you were taken away from us because you told us things that some would rather we not know. Now that we are about to take that step into the, "Cold, cruel world", we look at future students and shiver at the work that it will take for them to catch up. Thanks to your, "Telling", us, since our Sophomore year what was ahead, we used that time, some wisely some not so wisely. Yet we all love you! Thank you "Gordy"

Class of 1989

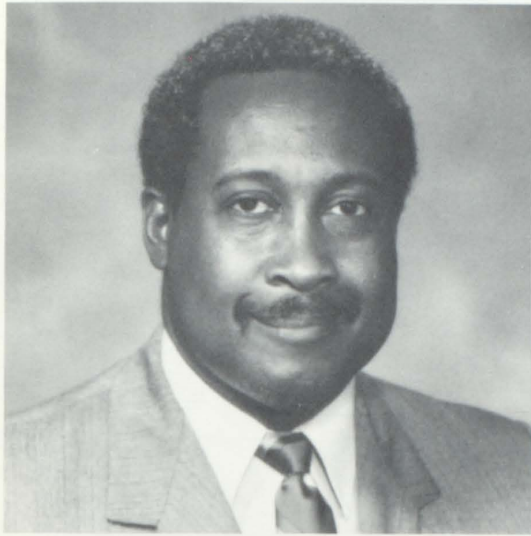

P R I N C I P A L

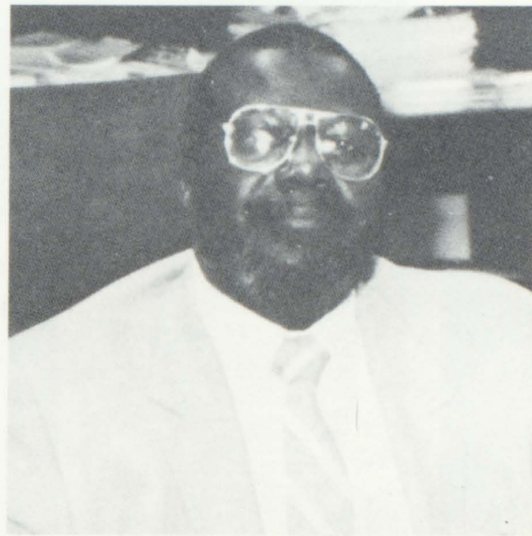

At this time I salute the members of the graduating class of June, 1989. With the assistance and support of your parents, you have persevered, struggled, and achieved. The administrative and instructional staffs have attempted to provide you with a quality education. We have made efforts to alter and rearrange your priorities. We have established levels of students expectations which we hoped would have prepared you to be productive members of society.

You have accomplished a major objective in your young lives, graduation from high school. Don't allow yourself at this youthful age to be satisfied with this triumph. Set your sights for higher achievements. Allow your aspirations complete freedom. Permit only your individual potentials to dictate your limitations. Upon graduation from Malcolm X Shabazz High School you have become a distinguished member of the family and you are always welcome to return home. To the members of the Graduating Class of 1989, I wish you unlimited success in your future endeavors. Congratulations!!

HOW MANY OF YOU WILL BE READY FOR THE 90's?

Dr. King's Vision: "Has It Been Realized?"

"No one can make you inferior without your consent." That was a famous quote by Eleanor Roosevelt, and a very true one, I might add. I believe many great, black, leaders feel that way. This is why many of them try to make a difference. Dr. Martin Luther King, Jr. was one such man.

Dr. King "had a dream" that the whole world would live as one with total equality. Not only did he envision this, he set out to make it a reality. He received racial remarks, he was stabbed, he was thrown in jail on more than one occasion, and then he was killed.

To answer the question, "Has the dream been realized?", obviously, not enough. Blacks are able to sit anywhere on the bus now, and we're able to be served in restaurants, just to name a few examples of things that Dr. King accomplished, but this doesn't hold true everywhere. There are still small towns in certain areas that still consider blacks inferior, and either won't serve them at all, or wait until all whites have been served first.

Not enough blacks have realized the dream either. Instead of us sticking together, we're fighting and killing one another. I'm glad that we can all come together for Dr. Martin Luther King, Jr.'s birthday, but why does it only have to be on his birthday? We should be able to love one another and stand by one another 365 or 366 days of the year. Hopefully, something will be said or done very soon to help us realize that. Otherwise, Dr. King's dream will not be complete, and we will never "Reach the Mountain Top."

AROUND THE CAMPUS

TO THE MODERN MAN

*From mysteries of the Past
The Future is prophesied.
The Actual comes and goes
Like shadows on a tide.*

*Realities come and go
Like shadows in a pool,-
The leaves are for the wise man,
The shadows for the fool.*

*Out of the moment Now
Rises the good-to-be,
The light upon one's brow
Is from eternity.*

*Leave dreaming to the fool
And take things as they are;
All things are in yourself,
Who stand upon a star.*

*And look upon the stars,
And yearn with deepening breath--
All things are in yourself--
Love and Life and Death.*

WILNORA HOLMAN

Wilnora Holman has resided in the Central Ward of Newark for more than forty years. She is currently President of the James C. White Tenants' Association. she is best know as the 'PTA LADY' because she has been active in city, county, and state PTA since 1951. She is the past-President of the Essex County Council of PTAs.

The Malcolm X Shabazz High School (formerly South Side) Community remembers her start with PTA at this school in 1961 during the tenure of Principal Fred Landolphi. She continues her goal of seeing that students are provided with a quality education. She is particularly concerned about student achievement. A scholarship fund has been established in her name and she currently serves as a member of the Newark Board of Education.

She is often quoted as saying, "I believe every child can learn and deserves a quality education."

The forensic activity of debate is comprised of three major categories. These are policy debating, Lincoln-Douglas debating, and individual speaking events.

The area of speech includes declamation, original oratory, dramatic and humorous interpretations, and impromptu and extemporaneous speaking.

The Malcolm X Shabazz Debate Team primarily competes in the individual speech events. The team competes with students from New York, Pennsylvania, New Jersey, and, during special tournaments, with students from various other areas across the country.

To Kiysha,

I wish to you the best in the future. Three years with you and I knew you were going to be that special someone to me. The one and only sweetest young lady for that I know. No one can ever be better. I know the things you can do; going to school to learn and other things that you do best.

I remember when I first saw you. I said to myself, "There goes someone who I would like to know." Kiysha, you changed my life when I saw you. You are the sweetest young lady I have ever loved. You're growing up now, and you are not a little baby anymore.

Take one step at a time to find out what life is really about. You will always be my lady, and I will always love you just like the first day I met you. I wish that we can always be together for many years to come. May God bless you.

From the one who loves you,
Dion

"Happy is the man with the level-headed son", said the mother of a rebel.

Lazy men are soon poor, hard workers get rich.

A wise youth makes a way while the sun shines, but what a shame to see a lad who sleeps away his hour of opportunity.

A wise man is glad to be instructed, but a self-sufficient fool falls flat on his face.

A good man has firm footing, but a crook will slip and fall.

A fool's fun is being bad; A wise man's fun is being wise.

Disaster strikes like a cyclone and the wicked are whirled away, but the good man has a strong anchor.

Evil men get rich for the moment, but the good man's reward lasts forever.

A wise man gives good advice, but a rebel is destroyed by a lack of common sense.

May the Class of '89 gets God's blessing
Kevin Strigler

To my sister Kiysha:

Who has a strong desire to succeed in life, persevere in the toughest times, and exemplify the need and importance of a well-rounded education.

Keep striving for your reachable goals, and your destiny will be most prosperous. Good luck in college and May God Bless You.

Love your brother,
Trevor

Congratulations Kiysha,

Success comes to those who strive. Always remember, with God all things are possible. God must come first in your life in order for your success to be meaningful.
